

A1 ROPER

Safe management of molten metal

ZERO HARM

Zero-Harm Ladles

Reducing the Risk, Protecting Your Future

A1 Roper's Zero- Harm Ladle range has been specially developed to assist in the control areas of risk management—ensuring the maximum safety of the ladle operators.

Roper Gearboxes and Bottom- Pour Slide Systems are remotely controlled to avoid harmful splash from blowbacks, spillages etc. that may occur during the pouring process.
